Hello and Welcome to Strings Attached!

We fill our lives with music and we share it with others.

The Strings Attached Orchestra is a member driven, community string orchestra made up of over 30 adult amateur musicians devoted to bringing music into the lives of the musicians and community alike.

Under the baton of Ric Giorgi, Strings Attached plays repertoire from the 17th century to the 21st, from classical music to popular hits, jazz and everything in between! Whether we learned to play a string instrument as a child or took it up as an adult, we share a love for playing music and a desire to keep growing musically. We rehearse weekly from September to June, and perform around the city for hospitals, community centres, retirement homes, and for our friends and family. Ask any of us and you'll hear how important being part of this group is to our members and how much richer it has made our lives – musically and beyond.

We are grateful for the opportunity to play and perform together, and we thank you for attending our concert. We hope to see you again!

You can help us continue to grow by letting your friends and the administration of your centre know you enjoyed the performance!

We would like to extend a special thanks to
